### Filing Description:

The Form being filed in this submission is the Monument Advisor Individual Flexible Premium Deferred Variable Annuity contract. Form # ICC12-JNL-2300-3 ("Monument Advisor")

This product is an individual flexible premium deferred variable annuity policy that offers various variable sub-account options in which to allocate money. There is no fixed account option available. There are no contingent deferred sales charges. There are also no mortality and expense charges and no administrative fee charges for the product. There is a \$20.00 monthly subscription fee, as well as any applicable Transaction Fee (as described in the Actuarial Memorandum). The Monument Advisor has approximately 380 underlying funds and of these, there are currently 31 transaction fee funds. The initial purchase premium amount must be at least \$25,000. The higher minimum initial purchase premium amounts and the monthly subscription fee charge actually make this product a better consumer value than if there were traditional mortality and expense, and administrative fee charges, based as a percentage of the daily net asset value of the separate account. Furthermore, because the charge is fixed and not asset based, the consumer value of the product increases as the owners account value grows. In summary, we believe this fee structure is more transparent to the consumer and a better value than more typical variable annuities currently being offered in the marketplace.

The Separate accounts underlying the filing comply with or have been authorized by the State of domicile, including the Commissioner approval if required. The product also offers an Asset Allocation Model Rider option which has already been approved by the IIPRC as well as a Guaranteed Minimum Death Benefit Rider associated with this product that was previously filed through the states. Please see the Statement of Intent tab for the Rider and dates filed.

Attached to the filing are the applicable forms/documents necessary to comply with the Uniform Standards. Attached are the following:

1. Statement of Variability-includes all variable items in the contract form being submitted as well as certifies that any change or modification to a variable item shall be administered in accordance with the requirements in the Variability of Information section, including any requirements for prior approval of a change or modification.
2. Statement that the contract is subject to federal jurisdiction and accordingly the ERISA requirements do not apply.
3. Statement that this is a pure separate account product that has no fixed options or general accounts.
4. Actuarial Memorandum signed and dated by member of American Academy of Actuaries.
5. The form does meet the Readability Requirements.

**Comments:**

My apologies for the oversight, I just submitted my response to your objection letter with a Certification and Statement of Variability. I realized in looking at form again that there was a reference to Interstate Compact confirmity in the General Provisions section of the form (page 13). I have removed this reference and replaced with the applicable state regulatory requirements. I am having trouble attaching this updated form however, to the Form Schedule tab and submitting. I don't have the submit option. I will keep trying. I just wanted to make you aware. Thank you.

## PURCHASE PAYMENT PROVISIONS

---

**PURCHASE PAYMENTS:** The initial Purchase Payment for an Owner is due on the Contract Issue Date. Subject to the maximum and minimum amounts shown on the Contract Schedule, the Owner may make subsequent Purchase Payments and may increase or decrease or change the frequency of such payments. The Company reserves the right to reject any application or Purchase Payment.

**ALLOCATION OF PURCHASE PAYMENTS:** Net Purchase Payments are allocated to one or more of the Sub-Accounts of the Variable Account in accordance with the selections made by the Owner, Registered Representative or Financial Advisor. The allocation of the initial Net Purchase Payment for an Owner is made in accordance with the selection made by the Owner, Registered Representative or Financial Advisor at the Contract Issue Date. Unless otherwise changed by the Owner, Registered Representative or Financial Advisor, subsequent Net Purchase Payments are allocated in the same manner as the initial Net Purchase Payment. Allocation of the Net Purchase Payments is subject to the Allocation Guidelines shown on the Contract Schedule. The Company reserves the right to allocate initial Net Purchase Payments to the Money Market Sub-Account until the expiration of the Right to Examine period.

---

## SEPARATE ACCOUNT PROVISIONS

---

**THE SEPARATE ACCOUNTS:** The Separate Account is designated on the Contract Schedule and consists of assets set aside by the Company, which are kept separate from that of the general assets and all other separate account assets of the Company.

**VARIABLE ACCOUNT:** The assets of the Variable Account equal to reserves and other liabilities will not be charged with liabilities arising out of any other business the Company may conduct. The Variable Account assets are divided into Sub-Accounts. The assets of the Sub-Accounts are allocated to the Eligible Fund(s) and the Portfolio(s), if any, within an Eligible Fund. The Company may, from time to time, add additional Eligible Fund(s) or Portfolio(s). The Owner, Registered Representative or Financial Advisor may be permitted to transfer Contract Values or allocate Net Purchase Payments to the additional Sub-Account(s) within the Variable Account. However, the right to make such transfers or allocations will be limited by the terms and conditions imposed by the Company. Should the shares of any such Eligible Fund(s) or any Portfolio(s) within an Eligible Fund become unavailable for investment by the Variable Account, or the Company's Board of Directors deems further investment in these shares inappropriate, the Company may limit further purchase of such shares or substitute shares of another Eligible Fund or Portfolio for shares already purchased under a Contract.

**VALUATION OF ASSETS:** The assets of the Accounts are valued at their fair market value in accordance with procedures of the Company.

**ACCUMULATION UNITS:** Accumulation Units shall be used to account for all amounts allocated to or withdrawn from the Sub-Accounts of the Variable Account as a result of Net Purchase Payments, withdrawals, transfers, or fees and charges. The Company will determine the number of Accumulation Units of a Sub-Account purchased or canceled. This will be done by dividing the amount allocated to (or the amount withdrawn from) the Sub-Account by the dollar value of one Accumulation Unit of the Sub-Account as of the end of the Valuation Period during which the request for the transaction is received at the Administrative Office.

**ACCUMULATION UNIT VALUE:** The Accumulation Unit Value for each Sub-Account was arbitrarily set initially at \$10. Subsequent Accumulation Unit Values for each Sub-Account are determined by multiplying the Accumulation Unit Value for the immediately preceding Valuation Period by the Net Investment Factor for the Sub-Account for the current period.

The Net Investment Factor for each Sub-Account is determined by dividing A by B where:

- A is
- (i) the net asset value per share of the Eligible Fund or Portfolio of an Eligible Fund held by the Sub-Account at the end of the current Valuation Period; plus
  - (ii) any dividend or capital gains per share declared on behalf of such Eligible Fund or Portfolio that has an ex-dividend date within the current Valuation Period; plus
  - (iii) a charge factor, if any, for any taxes or any tax reserve established by the Company as

## SEPARATE ACCOUNT PROVISIONS (continued)

---

a result of the operation or maintenance of the Sub-Account.

B is the net asset value per share of the Eligible Fund or Portfolio held by the Sub-Account for the immediately preceding Valuation Period.

The Accumulation Unit Value may increase or decrease from Valuation Period to Valuation Period.

---

### CONTRACT VALUE

---

The Contract Value for any Valuation Period is the sum of the Contract Value in each of the Sub-Accounts of the Variable Account.

The Contract Value in a Sub-Account of the Variable Account is determined by multiplying the number of Accumulation Units allocated to the Owner's Account for the Sub-Account by the Accumulation Unit Value. Withdrawals will result in the cancellation of Accumulation Units in a Sub-Account.

---

### SUBSCRIPTION FEE

---

**DEDUCTION FOR SUBSCRIPTION FEE:** During the Accumulation Period, each month the Company deducts a Subscription Fee from the Contract Value for reimbursement of expenses relating to maintenance and administration of the Contract. The Subscription Fee amount is shown on the Contract Schedule Page. The Subscription Fee will be deducted on a pro-rata basis first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). The Subscription Fee is also deducted at Death and upon full surrender of the Contract.

---

### TRANSACTION FEE

---

**DEDUCTION FOR TRANSACTION FEE:** During the Accumulation Period, the Company imposes a Transaction Fee, in the amounts shown in the table below, for transfers into and transfers out of certain Sub-Accounts. A listing of the Sub-Accounts for which the Company imposes a Transaction Fee is available at the Company's Website or upon request. The Transaction Fee is waived for transfers required for payment of the Subscription Fee or fees charged by any Financial Advisor you hire. Transaction Fees are charged twice – once for the transfer out, and once for the transfer in – when transferring between two Sub-Accounts that impose Transaction Fees. The Transaction Fee will be deducted first from the Sub-Accounts affected, then pro-rata first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). If approved by us, you may elect to have these fees charged to your Financial Advisor, rather than deducted from your Contract. In the event we agree to this, but the applicable Transaction Fees are not paid within thirty (30) days by your Financial Advisor, we reserve the right to deduct the applicable Transaction Fees from your Contract. In any event, we reserve the right to deduct any applicable Transaction Fee upon full surrender of the Contract.

Certain Transaction Fee funds may only be available if you are advised by an approved Financial Advisor.

---

### TRANSFERS

---

**TRANSFERS DURING THE ACCUMULATION PERIOD:** Subject to any limitation imposed by the Company on the number of transfers during the Accumulation Period shown on the Contract Schedule, an Owner, Registered Representative or Financial Advisor may transfer all or part of the Contract Value in a Sub-Account without the imposition of any transfer fee (other than applicable Transaction Fees, if any) if there have been no more than the number of Transfers Permitted shown on the Contract Schedule for the Contract Year.

All transfers are subject to the following:

1. The minimum amount which can be transferred from a Sub-Account is shown on the Contract Schedule.
2. The Company reserves the right, at any time and without prior notice to any party, to terminate, suspend or modify the transfer privilege described above or to block one or more trades pursuant to company administrative rules.

---

## TRANSFERS (continued)

---

If an Owner, Registered Representative or Financial Advisor, or other authorized person elects to use this transfer privilege, the Company will not be liable for transfers made in accordance with instructions received from such person. All amounts and Annuity Units will be determined as of the end of the Valuation Period during which the request for transfer is received at the Administrative Office.

The Contract is not designed for professional market timing organizations. The Company reserves the right to modify (including terminating) the transfer privileges described above.

---

## WITHDRAWAL PROVISIONS

---

**WITHDRAWALS:** During the Accumulation Period, the Owner may, upon an Authorized Request, make a total or partial withdrawal of the Contract Withdrawal Value.

The Owner must specify by an Authorized Request which Sub-Account is the source of the partial withdrawal. The Company will pay the amount of any withdrawal from the Variable Account within seven (7) days of receipt of an Authorized Request unless the Suspension or Deferral of Payments Provision is in effect.

Each partial withdrawal must be for an amount which is not less than the amount shown on the Contract Schedule. The minimum Contract Value which must remain in the Contract after a partial withdrawal is shown on the Contract Schedule.

---

## PROCEEDS PAYABLE ON DEATH

---

**DEATH OF OWNER DURING THE ACCUMULATION PERIOD:** Upon the death of the Owner, or any Joint Owner, during the Accumulation Period, the death benefit will be paid to the Beneficiary(ies) designated by the Owner. If there are multiple Beneficiaries, the first Beneficiary will be paid his share of any proceeds once his Authorized Request is received. The remaining death benefit proceeds will remain invested in the Investment Portfolios in accordance with the allocation instructions given by the Owner until the death benefit is paid or until new instructions are given by the beneficiary.

Upon the death of any Joint Owner, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a contingent Beneficiary. Unless restricted by Owner, a Beneficiary may request that the death benefit be paid under one of the Death Benefit Options below. If the Beneficiary is the spouse of the Owner, he or she may elect to continue the Contract at the then current Contract Value in his or her own name and exercise all the Owner's rights under the Contract.

**DEATH BENEFIT AMOUNT DURING THE ACCUMULATION PERIOD:** The death benefit will be the Contract Value determined as of the end of the Valuation Period during which the Company receives both due proof of death and an election for the payment method, reduced by the applicable portion of the Subscription Fee, and any applicable Transaction Fee.

**DEATH BENEFIT OPTIONS DURING THE ACCUMULATION PERIOD:** A non-spousal Beneficiary must elect the death benefit to be paid under one of the following options in the event of the death of the Owner or any Joint Owner during the Accumulation Period:

Option 1 - lump sum payment of the death benefit; or

Option 2 - the payment of the entire death benefit within 5 years of the date of the death of the Owner or any Joint Owner; or

Option 3 - payment of the death benefit under an Annuity Option over the lifetime of the Beneficiary or over a period not extending beyond the life expectancy of the Beneficiary with distribution beginning within one year of the date of death of the Owner or any Joint Owner.

Any portion of the death benefit not applied under Option 3 within one year of the date of the Owner's death, must be distributed within five years of the date of death.

A spousal Beneficiary may elect to continue the Contract in his or her own name at the then current Contract Value, elect a lump sum payment of the death benefit or apply the death benefit to an Annuity Option.

If a lump sum payment is requested, the amount will be paid within seven (7) days of receipt of proof of death and an Authorized Request, unless the Suspension or Deferral of Payments Provision is in effect.

---

## PROCEEDS PAYABLE ON DEATH (continued)

---

Payment to the Beneficiary, other than in a lump sum, may only be elected during the sixty-day period beginning with the date of receipt of proof of death.

**DEATH OF OWNER DURING THE ANNUITY PERIOD:** If the Owner, or any Joint Owner, who is not the Annuitant, dies during the Annuity Period, any remaining payments under the Annuity Option elected will continue at least as rapidly as under the method of distribution in effect at such Owner's or Joint Owner's death. Upon the death of any Owner during the Annuity Period, the Beneficiary becomes the Owner. Upon the death of any Joint Owner during the Annuity Period, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a Contingent Beneficiary.

**DEATH OF ANNUITANT:** Upon the death of an Annuitant, who is not the Owner, during the Accumulation Period, the Owner will automatically become the Annuitant. The Owner may designate a new Annuitant, subject to the Company's underwriting rules then in effect. If the Owner is a non-natural person, the death of an Annuitant will be treated as the death of the Owner and proceeds will be paid to the Beneficiary of record.

Upon the death of the Annuitant during the Annuity Period, the death benefit, if any, will be as specified in the Annuity Option elected. Death benefits will be paid at least as rapidly as under the method of distribution in effect at the Annuitant's death.

**PAYMENT OF DEATH BENEFIT:** The Company will require due proof of death and an Authorized Request before any death benefit is paid. Due proof of death will be:

1. a certified death certificate; or
2. a certified decree of a court of competent jurisdiction as to the finding of death; or
3. any other proof satisfactory to the Company.

All death benefits will be paid in accordance with applicable law or regulations governing death benefit payments, and in accordance with Company administrative procedures.

**BENEFICIARY:** The Beneficiary designation in effect on the Contract Issue Date will remain in effect until changed. The Beneficiary is entitled to receive the benefits to be paid at the death of the Owner. Unless the Owner provides otherwise, the death benefit will be paid in equal shares to the survivor(s) as follows:

1. to the Primary Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none
2. to the Contingent Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none
3. to the estate of the Owner.

**CHANGE OF BENEFICIARY:** Subject to the rights of any irrevocable Beneficiary(ies), the Owner may change the Primary Beneficiary(ies) or Contingent Beneficiary(ies). A change may be made by an Authorized Request. Unless otherwise specified by the Owner, the change shall take effect on the date the notice is signed by the Owner. The Company will not be liable for any payment made or action taken before it records the change.

---

## SUSPENSION OR DEFERRAL OF PAYMENTS PROVISION

---

The Company reserves the right to suspend or postpone payments from the Variable Account for a withdrawal or transfer for any period when:

1. the New York Stock Exchange (or applicable bond market) is closed (other than customary weekend and holiday closings);

---

## SUSPENSION OR DEFERRAL OF PAYMENTS PROVISION (continued)

---

2. trading on the New York Stock Exchange (or applicable bond market) is restricted;
3. an emergency exists as a result of which disposal of securities held in the Variable Account is not reasonably practicable or it is not reasonably practicable to determine the value of the Variable Account's net assets; or
4. during any other period when the Securities and Exchange Commission, by order, so permits for the protection of Owners; provided that applicable rules and regulations of the Securities and Exchange Commission will govern as to whether the conditions described in (2) and (3) exist

---

## OWNER, ANNUITANT, OWNERSHIP, ASSIGNMENT PROVISIONS

---

**OWNER:** The Owner has all interest and right to amounts held in his or her Contract. The Owner is the person designated as such on the Contract Issue Date, unless changed.

The Owner may change owners of the Contract at any time by Authorized Request. A change of Owner will automatically revoke any prior designation of Owner. Unless otherwise specified by the Owner, the change shall take effect on the date the notice is signed by the Owner. The Company will not be liable for any payment made or action taken before it records the change.

**JOINT OWNER:** A Contract may be owned by Joint Owners. Upon the death of either Owner, the surviving Owner will be the Primary Beneficiary. Any other Beneficiary designation will be treated as a Contingent Beneficiary unless otherwise indicated in an Authorized Request.

**ANNUITANT:** The Annuitant is the person on whose life Annuity Payments are based. The Annuitant is the person designated by the Owner at the Contract Issue Date, unless changed prior to the Annuity Date. The Owner may not change the Annuitant except in the event that the Annuitant dies prior to the Annuity Date. The Annuitant may not be changed in a Contract which is owned by a non-natural person. Any change of Annuitant is subject to the Company's underwriting rules then in effect.

**ASSIGNMENT OF A CONTRACT:** An Authorized Request specifying the terms of an assignment of a Contract must be provided to the Administrative Office. The Company will not be liable for any payment made or action taken before it records the assignment.

The Company will not be responsible for the validity or tax consequences of any assignment. Any assignment made after the death benefit has become payable will be valid only with Company consent. If the Contract is assigned, the Owner's rights may only be exercised with the consent of the assignee of record.

---

## ANNUITY PROVISIONS

---

**GENERAL:** On the Annuity Date, the Adjusted Contract Value will be applied under the Annuity Option selected by the Owner.

**ANNUITY DATE:** The Annuity Date must be at least two (2) years after the Contract Issue Date. The Annuity Date may not be later than the date on which the Annuitant reaches attained age 100 (the "Maximum Maturity Date"). The Contract will automatically be forced into Annuitization for a guaranteed period of ten years if the Owner does not select an Annuity Date on or before the Maximum Maturity Date. It is understood that upon the death of the Annuitant, any amounts remaining under the guaranteed period will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. Prior to the Annuity Date, subject to the limitations set forth above, the Owner subject to the above, may change the Annuity Date by an Authorized Request. Any change must be requested at least thirty (30) days prior to the new Annuity Date.

**SELECTION OF AN ANNUITY OPTION:** An Annuity Option may be selected by an Authorized Request of the Owner. If no Annuity Option is selected, Option 2 with 120 monthly payments guaranteed will automatically be applied. Prior to the Annuity Date, the Owner can change the Annuity Option selected by an Authorized Request. Any change must be requested at least thirty (30) days prior to the Annuity Date.

**FREQUENCY AND AMOUNT OF ANNUITY PAYMENTS:** Annuity Payments are paid in monthly installments.

---

## ANNUITY PROVISIONS (continued)

---

The Adjusted Contract Value is applied to the Annuity Table for the Annuity Option selected. If the Adjusted

Contract Value to be applied under an Annuity Option is less than \$5,000, the Company reserves the right to make a lump sum payment in lieu of Annuity Payments. If the Annuity Payment would be or become less than \$50, the Company reserves the right to reduce the frequency of payments to an interval which will result in each payment being at least \$50.

**ANNUITY OPTIONS:** The following Annuity Options or any other annuity option acceptable to the Company may be selected:

**OPTION 1. LIFETIME ONLY ANNUITY:** The Company will make monthly payments during the life of the Annuitant. If this option is elected, it is understood and agreed that payments shall cease immediately upon the death of the Annuitant and the annuity will terminate without further value.

**OPTION 2. LIFETIME ANNUITY WITH GUARANTEED PERIODS:** The Company will make monthly payments for the guaranteed period selected and thereafter for the life of the Annuitant. If this option is elected, it is understood and agreed that upon the death of the Annuitant, any amounts remaining under the guaranteed period selected will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. The guaranteed period may be five (5) years, ten (10) years or twenty (20) years.

**OPTION 3. PAYMENT FOR A FIXED PERIOD:** The Company will make monthly payments for a fixed period of 3 to 20 years.

**OPTION 4. JOINT AND SURVIVOR ANNUITY:** The Company will make monthly payments during the joint life time of the Annuitant and a Joint Annuitant. Payments will continue during the lifetime of the surviving Annuitant and will be computed on the basis of 100%, 50% or 66 2/3% of the Annuity Payment (or limits) in effect during the joint life time.

**ANNUITY:** The Adjusted Contract Value is allocated to the General Account and the Annuity is paid as a Fixed Annuity. Unless the Owner specifies otherwise, the payee of the Annuity Payments shall be the Owner. The Adjusted Contract Value will be applied to the applicable Annuity Table based upon the Annuity Option selected by the Owner. The amount of the first payment for each \$1,000 of Adjusted Contract Value is shown in the Annuity Tables based on an effective annual interest rate of 1.0%.

**FIXED ANNUITY:** The Owner may elect to have the Adjusted Contract Value applied to provide a Fixed Annuity. The dollar amount of each Fixed Annuity Payment shall be determined in accordance with Annuity Tables contained in this Contract which are based on the minimum guaranteed interest rate of 1.0% per year.

**MORTALITY TABLES:** The Annuity 2000 Mortality Table with (i) Male-Female sex distinction; (ii) adjustments based on percentages of Projection Scale G; and (iii) a 1.0% interest rate is used in establishing the Annuity Table. The age in the Annuity Table is the Annuitant's Adjusted Age. Adjusted Age is the Annuitant's Age when the annuity payment begins, reduced by 1 year for every 5 years that has elapsed since January 1, 2012. For example, the Adjusted Age for an Annuitant whose annuity payments begin in 2017, and whose Age is 67 at the time the first annuity payment is due, would be 66. The dollar amount of an Annuity Payment for any Age or combination of ages not shown in the tables, or for any other form of Annuity Option agreed to by the Company, will be provided by the Company upon Formal Request.

---

## GENERAL PROVISIONS

---

**THE CONTRACT:** The entire Contract consists of this Contract, the Application, if any, and any riders or endorsements attached to this Contract. All statements made in an application for the issuance of the Contract shall, in the absence of fraud, be deemed representations, and not warranties.

This Contract may be changed or altered only by the President or Vice President and the Secretary of the Company. A change or alteration must be made in writing.

The Company reserves the right to deduct from Your Contract Value amounts paid to You in excess of amounts owed to You as a result of Company's administrative error.

---

## GENERAL PROVISIONS (continued)

---

**MISSTATEMENT OF AGE:** If the Age of any Annuitant has been misstated, any Annuity benefits payable will be the Annuity benefits provided by the correct Age. After Annuity Payments have begun, any underpayments will be made up in one sum with the next Annuity Payment. Any overpayments will be deducted from future Annuity Payments until the total is repaid.

**INCONTESTABILITY:** This Contract will not be contestable from the date of issue.

**MODIFICATION:** This Contract may be modified in order to maintain compliance with applicable provisions or requirements of the Internal Revenue Code.

**NON-PARTICIPATING:** This Contract will not share in any distribution of dividends.

**PROOF OF AGE:** The Company may require evidence of Age of any Annuitant and any Owner.

**PROTECTION OF PROCEEDS:** To the extent permitted by law, death benefits and Annuity Payments shall be free from legal process and the claim of any creditor other than the person entitled to them under any Contract. No payment and no amount under this Contract can be taken or assigned in advance of its payment date unless the Company receives the Owner's consent.

**REPORTS:** At least once each calendar year, the Company will furnish each Owner with a report showing the Contract Value and any other information as may be required by law. The Company will also furnish an annual report of the Variable Account. The reports shall provide information as of a date of not more than four months prior to the date of mailing and include:

1. The beginning and end dates of the current report;
2. The Contract Value at the beginning and end of the current report;
3. The amounts credited or debited during the current report period and
4. The Contract Withdrawal Value (ending value) as of the end of the current report period.

**TAXES:** Any taxes paid to any governmental entity relating to any Contract will be deducted from the Purchase Payment or Contract Value when incurred. The Company will, in its sole discretion, determine when taxes have resulted from: the investment experience of the Variable Account; receipt by the Company of the Purchase Payments; or commencement of Annuity Payments. The Company may, in its sole discretion, pay taxes when due and deduct that amount from the Contract Value at a later date. Payment at an earlier date does not waive any right the Company may have to deduct amounts at a later date. The Company reserves the right to establish a provision for federal income taxes if it determines, in its sole discretion, that it will incur a tax as a result of the operation of the Variable Account. The Company will deduct for any income taxes incurred by it as a result of the operation of the Variable Account whether or not there was a provision for taxes and whether or not it was sufficient. The Company will deduct any withholding taxes required by applicable law.

**REGULATORY REQUIREMENTS:** All values payable under any Contract will not be less than the minimum benefits required by the laws and regulations of the states in which the Contract is delivered.

**PAYMENTS TO THIRD PARTIES:** The Company may sponsor conferences or otherwise remunerate broker/dealers, registered representatives or other third parties for marketing or other services.

Allocation of the Net Purchase Payments is subject to the Allocation Guidelines shown on the Contract Schedule. The Company reserves the right to allocate initial Net Purchase Payments to the Money Market Sub-Account until the expiration of the Right to Examine period.

---

## SEPARATE ACCOUNT PROVISIONS

---

**THE SEPARATE ACCOUNTS:** The Separate Account is designated on the Contract Schedule and consists of assets set aside by the Company, which are kept separate from that of the general assets and all other separate account assets of the Company.

**VARIABLE ACCOUNT:** The assets of the Variable Account equal to reserves and other liabilities will not be charged with liabilities arising out of any other business the Company may conduct.

The Variable Account assets are divided into Sub-Accounts. The assets of the Sub-Accounts are allocated to the Eligible Fund(s) and the Portfolio(s), if any, within an Eligible Fund. The Company may, from time to time, add additional Eligible Fund(s) or Portfolio(s). The Owner, Registered Representative or Financial Advisor may be permitted to transfer Contract Values or allocate Net Purchase Payments to the additional Sub-Account(s) within the Variable Account. However, the right to make such transfers or allocations will be limited by the terms and conditions imposed by the Company.

Should the shares of any such Eligible Fund(s) or any Portfolio(s) within an Eligible Fund become unavailable for investment by the Variable Account, or the Company's Board of Directors deems further investment in these shares inappropriate, the Company may limit further purchase of such shares or substitute shares of another Eligible Fund or Portfolio for shares already purchased under a Contract.

**VALUATION OF ASSETS:** The assets of the Accounts are valued at their fair market value in accordance with procedures of the Company.

**ACCUMULATION UNITS:** Accumulation Units shall be used to account for all amounts allocated to or withdrawn from the Sub-Accounts of the Variable Account as a result of Net Purchase Payments, withdrawals, transfers, or fees and charges. The Company will determine the number of Accumulation Units of a Sub-Account purchased or canceled. This will be done by dividing the amount allocated to (or the amount withdrawn from) the Sub-Account by the dollar value of one Accumulation Unit of the Sub-Account as of the end of the Valuation Period during which the request for the transaction is received at the Administrative Office.

**ACCUMULATION UNIT VALUE:** The Accumulation Unit Value for each Sub-Account was arbitrarily set initially at \$10. Subsequent Accumulation Unit Values for each Sub-Account are determined by multiplying the Accumulation Unit Value for the immediately preceding Valuation Period by the Net Investment Factor for the Sub-Account for the current period.

---

## SEPARATE ACCOUNT PROVISIONS (continued)

---

The Net Investment Factor for each Sub-Account is determined by dividing A by B where:

- A is
- (i) the net asset value per share of the Eligible Fund or Portfolio of an Eligible Fund held by the Sub-Account at the end of the current Valuation Period; plus
  - (ii) any dividend or capital gains per share declared on behalf of such Eligible Fund or Portfolio that has an ex-dividend date within the current Valuation Period; plus
  - (iii) a charge factor, if any, for any taxes or any tax reserve established by the Company as a result of the operation or maintenance of the Sub-Account.
- B is
- the net asset value per share of the Eligible Fund or Portfolio held by the Sub-Account for the immediately preceding Valuation Period.

The Accumulation Unit Value may increase or decrease from Valuation Period to Valuation Period.

---

### CONTRACT VALUE

---

The Contract Value for any Valuation Period is the sum of the Contract Value in each of the Sub-Accounts of the Variable Account.

The Contract Value in a Sub-Account of the Variable Account is determined by multiplying the number of Accumulation Units allocated to the Owner's Account for the Sub-Account by the Accumulation Unit Value. Withdrawals will result in the cancellation of Accumulation Units in a Sub-Account.

---

### SUBSCRIPTION FEE

---

**DEDUCTION FOR SUBSCRIPTION FEE:** During the Accumulation Period, each month the Company deducts a Subscription Fee from the Contract Value for reimbursement of expenses relating to maintenance and administration of the Contract. The Subscription Fee amount is shown on the Contract Schedule Page. The Subscription Fee will be deducted on a pro-rata basis first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). The Subscription Fee is also deducted at Death and upon full surrender of the Contract.

---

### TRANSACTION FEE

---

**DEDUCTION FOR TRANSACTION FEE:** During the Accumulation Period, the Company imposes a Transaction Fee, in the amounts shown in the table below, for transfers into and transfers out of certain Sub-Accounts. A listing of the Sub-Accounts for which the Company imposes a Transaction Fee is available at the Company's Website or upon request. The Transaction Fee is waived for transfers required for payment of the Subscription Fee or fees charged by any Financial Advisor you hire. Transaction Fees are charged twice – once for the transfer out, and once for the transfer in – when transferring between two Sub-Accounts that impose Transaction Fees. The Transaction Fee will be deducted first from the Sub-Accounts affected, then pro-rata first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). If approved by us, you may elect to have these fees charged to your Financial Advisor, rather than deducted from your Contract. In the event we agree to this, but the applicable Transaction Fees are not paid within thirty (30) days by your Financial Advisor, we reserve the right to deduct the applicable Transaction Fees from your Contract. In any event, we reserve the right to deduct any applicable Transaction Fee upon full surrender of the Contract.

Certain Transaction Fee funds may only be available if you are advised by an approved Financial Advisor.

---

### TRANSFERS

---

**TRANSFERS DURING THE ACCUMULATION PERIOD:** Subject to any limitation imposed by the Company on the number of transfers during the Accumulation Period shown on the Contract Schedule, an Owner, Registered Representative or Financial Advisor may transfer all or part of the Contract Value in a Sub-Account without the imposition of any transfer fee (other than applicable Transaction Fees, if any) if there have been no more than the

---

## TRANSFERS (continued)

---

number of Transfers Permitted shown on the Contract Schedule for the Contract Year.

All transfers are subject to the following:

1. The minimum amount which can be transferred from a Sub-Account is shown on the Contract Schedule.
2. The Company reserves the right, at any time and without prior notice to any party, to terminate, suspend or modify the transfer privilege described above or to block one or more trades pursuant to company administrative rules.

If an Owner, Registered Representative or Financial Advisor, or other authorized person elects to use this transfer privilege, the Company will not be liable for transfers made in accordance with instructions received from such person. All amounts and Annuity Units will be determined as of the end of the Valuation Period during which the request for transfer is received at the Administrative Office.

The Contract is not designed for professional market timing organizations. The Company reserves the right to modify (including terminating) the transfer privileges described above.

---

## WITHDRAWAL PROVISIONS

---

The Company will pay the amount of any withdrawal from the Variable Account within seven (7) days of receipt of an Authorized Request unless the Suspension or Deferral of Payments Provision is in effect.

Each partial withdrawal must be for an amount which is not less than the amount shown on the Contract Schedule. The minimum Contract Value which must remain in the Contract after a partial withdrawal is shown on the Contract Schedule.

## PROCEEDS PAYABLE ON DEATH

---

**DEATH OF OWNER DURING THE ACCUMULATION PERIOD:** Upon the death of the Owner, or any Joint Owner, during the Accumulation Period, the death benefit will be paid to the Beneficiary(ies) designated by the Owner. If there are multiple Beneficiaries, the first Beneficiary will be paid his share of any proceeds once his Authorized Request is received. The remaining death benefit proceeds will remain invested in the Investment Portfolios in accordance with the allocation instructions given by the Owner until the death benefit is paid or until new instructions are given by the beneficiary.

Upon the death of any Joint Owner, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a contingent Beneficiary. Unless restricted by Owner, a Beneficiary may request that the death benefit be paid under one of the Death Benefit Options below. If the Beneficiary is the spouse of the Owner, he or she may elect to continue the Contract at the then current Contract Value in his or her own name and exercise all the Owner's rights under the Contract.

**DEATH BENEFIT AMOUNT DURING THE ACCUMULATION PERIOD:** The death benefit will be the Contract Value determined as of the end of the Valuation Period during which the Company receives both due proof of death and an election for the payment method, reduced by the applicable portion of the Subscription Fee, and any applicable Transaction Fee.

**DEATH BENEFIT OPTIONS DURING THE ACCUMULATION PERIOD:** A non-spousal Beneficiary must elect the death benefit to be paid under one of the following options in the event of the death of the Owner or any Joint Owner during the Accumulation Period:

Option 1 - lump sum payment of the death benefit; or

Option 2 - the payment of the entire death benefit within 5 years of the date of the death of the Owner or any Joint Owner; or

Option 3 - payment of the death benefit under an Annuity Option over the lifetime of the Beneficiary or

over a period not extending beyond the life expectancy of the Beneficiary with distribution beginning within one year of the date of death of the Owner or any Joint Owner.

Any portion of the death benefit not applied under Option 3 within one year of the date of the Owner's death, must be distributed within five years of the date of death.

A spousal Beneficiary may elect to continue the Contract in his or her own name at the then current Contract Value, elect a lump sum payment of the death benefit or apply the death benefit to an Annuity Option.

If a lump sum payment is requested, the amount will be paid within seven (7) days of receipt of proof of death and an Authorized Request, unless the Suspension or Deferral of Payments Provision is in effect.

Payment to the Beneficiary, other than in a lump sum, may only be elected during the sixty-day period beginning with the date of receipt of proof of death.

**DEATH OF OWNER DURING THE ANNUITY PERIOD:** If the Owner, or any Joint Owner, who is not the Annuitant, dies during the Annuity Period, any remaining payments under the Annuity Option elected will continue at least as rapidly as under the method of distribution in effect at such Owner's or Joint Owner's death. Upon the death of any Owner during the Annuity Period, the Beneficiary becomes the Owner. Upon the death of any Joint Owner during the Annuity Period, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a Contingent Beneficiary.

**DEATH OF ANNUITANT:** Upon the death of an Annuitant, who is not the Owner, during the Accumulation Period, the Owner will automatically become the Annuitant. The Owner may designate a new Annuitant, subject to the Company's underwriting rules then in effect. If the Owner is a non-natural person, the death of an Annuitant will be treated as the death of the Owner and proceeds will be paid to the Beneficiary of record.

Upon the death of the Annuitant during the Annuity Period, the death benefit, if any, will be as specified in the Annuity Option elected. Death benefits will be paid at least as rapidly as under the method of distribution in effect at the Annuitant's death.

**PAYMENT OF DEATH BENEFIT:** The Company will require due proof of death and an Authorized Request before any death benefit is paid. Due proof of death will be:

1. a certified death certificate; or
2. a certified decree of a court of competent jurisdiction as to the finding of death; or
3. any other proof satisfactory to the Company.

All death benefits will be paid in accordance with applicable law or regulations governing death benefit payments, and in accordance with Company administrative procedures.

**BENEFICIARY:** The Beneficiary designation in effect on the Contract Issue Date will remain in effect until changed. The Beneficiary is entitled to receive the benefits to be paid at the death of the Owner. Unless the Owner provides otherwise, the death benefit will be paid in equal shares to the survivor(s) as follows:

1. to the Primary Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none
2. to the Contingent Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none
3. to the estate of the Owner.

---

## PROCEEDS PAYABLE ON DEATH (continued)

---

**CHANGE OF BENEFICIARY:** Subject to the rights of any irrevocable Beneficiary(ies), the Owner may change the Primary Beneficiary(ies) or Contingent Beneficiary(ies). A change may be made by an Authorized Request. Unless otherwise specified by the Owner, the change shall take effect on the date the notice is signed by the Owner. The Company will not be liable for any payment made or action taken before it records the change.

---

## SUSPENSION OR DEFERRAL OF PAYMENTS PROVISION

---

The Company reserves the right to suspend or postpone payments from the Variable Account for a withdrawal or transfer for any period when:

1. the New York Stock Exchange (or applicable bond market) is closed (other than customary weekend and holiday closings);
  2. trading on the New York Stock Exchange (or applicable bond market) is restricted;
  3. an emergency exists as a result of which disposal of securities held in the Variable Account is not reasonably practicable or it is not reasonably practicable to determine the value of the Variable Account's net assets; or
  4. during any other period when the Securities and Exchange Commission, by order, so permits for the protection of Owners; provided that applicable rules and regulations of the Securities and Exchange Commission will govern as to whether the conditions described in (2) and (3) exist
- 

## OWNER, ANNUITANT, OWNERSHIP, ASSIGNMENT PROVISIONS

---

**OWNER:** The Owner has all interest and right to amounts held in his or her Contract. The Owner is the person designated as such on the Contract Issue Date, unless changed.

The Owner may change owners of the Contract at any time by Authorized Request. A change of Owner will automatically revoke any prior designation of Owner. Unless otherwise specified by the Owner, the change shall take effect on the date the notice is signed by the Owner. The Company will not be liable for any payment made or action taken before it records the change.

**JOINT OWNER:** A Contract may be owned by Joint Owners. Upon the death of either Owner, the surviving Owner will be the Primary Beneficiary. Any other Beneficiary designation will be treated as a Contingent Beneficiary unless otherwise indicated in an Authorized Request.

**ANNUITANT:** The Annuitant is the person on whose life Annuity Payments are based. The Annuitant is the person designated by the Owner at the Contract Issue Date, unless changed prior to the Annuity Date. The Owner may not change the Annuitant except in the event that the Annuitant dies prior to the Annuity Date. The Annuitant may not be changed in a Contract which is owned by a non-natural person. Any change of Annuitant is subject to the Company's underwriting rules then in effect.

**ASSIGNMENT OF A CONTRACT:** An Authorized Request specifying the terms of an assignment of a Contract must be provided to the Administrative Office. The Company will not be liable for any payment made or action taken before it records the assignment.

The Company will not be responsible for the validity or tax consequences of any assignment. Any assignment made after the death benefit has become payable will be valid only with Company consent. If the Contract is assigned, the Owner's rights may only be exercised with the consent of the assignee of record.

---

## ANNUITY PROVISIONS

---

**GENERAL:** On the Annuity Date, the Adjusted Contract Value will be applied under the Annuity Option selected by the Owner.

**ANNUITY DATE:** The Annuity Date must be at least two (2) years after the Contract Issue Date. The Annuity Date may not be later than the date on which the Annuitant reaches attained age 100 (the "Maximum Maturity Date"). The Contract will automatically be forced into Annuitization for a guaranteed period of ten years if the Owner does not select an Annuity Date on or before the Maximum Maturity Date. It is understood that upon the death of the Annuitant, any amounts remaining under the guaranteed period will be distributed to the Beneficiary

## ANNUITY PROVISIONS (continued)

---

at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. Prior to the Annuity Date, subject to the limitations set forth above, the Owner subject to the above, may change the Annuity Date by an Authorized Request. Any change must be requested at least thirty (30) days prior to the new Annuity Date.

**SELECTION OF AN ANNUITY OPTION:** An Annuity Option may be selected by an Authorized Request of the Owner. If no Annuity Option is selected, Option 2 with 120 monthly payments guaranteed will automatically be applied. Prior to the Annuity Date, the Owner can change the Annuity Option selected by an Authorized Request. Any change must be requested at least thirty (30) days prior to the Annuity Date.

**FREQUENCY AND AMOUNT OF ANNUITY PAYMENTS:** Annuity Payments are paid in monthly installments. The Adjusted Contract Value is applied to the Annuity Table for the Annuity Option selected. If the Adjusted Contract Value to be applied under an Annuity Option is less than \$5,000, the Company reserves the right to make a lump sum payment in lieu of Annuity Payments. If the Annuity Payment would be or become less than \$50, the Company reserves the right to reduce the frequency of payments to an interval which will result in each payment being at least \$50.

**ANNUITY OPTIONS:** The following Annuity Options or any other annuity option acceptable to the Company may be selected:

OPTION 1. LIFETIME ONLY ANNUITY: The Company will make monthly payments during the life of the Annuitant. If this option is elected, it is understood and agreed that payments shall cease immediately upon the death of the Annuitant and the annuity will terminate without further value.

OPTION 2. LIFETIME ANNUITY WITH GUARANTEED PERIODS: The Company will make monthly payments for the guaranteed period selected and thereafter for the life of the Annuitant. If this option is elected, it is understood and agreed that upon the death of the Annuitant, any amounts remaining under the guaranteed period selected will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. The guaranteed period may be five (5) years, ten (10) years or twenty (20) years.

OPTION 3. PAYMENT FOR A FIXED PERIOD: The Company will make monthly payments for a fixed period of 3 to 20 years.

OPTION 4. JOINT AND SURVIVOR ANNUITY: The Company will make monthly payments during the joint life time of the Annuitant and a Joint Annuitant. Payments will continue during the lifetime of the surviving Annuitant and will be computed on the basis of 100%, 50% or 66 2/3% of the Annuity Payment (or limits) in effect during the joint life time.

**ANNUITY:** The Adjusted Contract Value is allocated to the General Account and the Annuity is paid as a Fixed Annuity. Unless the Owner specifies otherwise, the payee of the Annuity Payments shall be the Owner. The Adjusted Contract Value will be applied to the applicable Annuity Table based upon the Annuity Option selected by the Owner. The amount of the first payment for each \$1,000 of Adjusted Contract Value is shown in the Annuity Tables based on an effective annual interest rate of 1.0%.

**FIXED ANNUITY:** The Owner may elect to have the Adjusted Contract Value applied to provide a Fixed Annuity. The dollar amount of each Fixed Annuity Payment shall be determined in accordance with Annuity Tables contained in this Contract which are based on the minimum guaranteed interest rate of 1.0% per year.

**MORTALITY TABLES:** The Annuity 2000 Mortality Table with (i) Male-Female sex distinction; (ii) adjustments based on percentages of Projection Scale G; and (iii) a 1.0% interest rate is used in establishing the Annuity Table. The age in the Annuity Table is the Annuitant's Adjusted Age. Adjusted Age is the Annuitant's Age when the annuity payment begins, reduced by 1 year for every 5 years that has elapsed since January 1, 2012. For

example, the Adjusted Age for an Annuitant whose annuity payments begin in 2017, and whose Age is 67 at the time the first annuity payment is due, would be 66. The dollar amount of an Annuity Payment for any Age or combination of ages not shown in the tables, or for any other form of Annuity Option agreed to by the Company, will be provided by the Company upon Formal Request.

---

## GENERAL PROVISIONS

---

**THE CONTRACT:** The entire Contract consists of this Contract, the Application, if any, and any riders or endorsements attached to this Contract. All statements made in an application for the issuance of the Contract shall, in the absence of fraud, be deemed representations, and not warranties.

This Contract may be changed or altered only by the President or Vice President and the Secretary of the Company. A change or alteration must be made in writing.

The Company reserves the right to deduct from Your Contract Value amounts paid to You in excess of amounts owed to You as a result of Company's administrative error.

**MISSTATEMENT OF AGE:** If the Age of any Annuitant has been misstated, any Annuity benefits payable will be the Annuity benefits provided by the correct Age. After Annuity Payments have begun, any underpayments will be made up in one sum with the next Annuity Payment. Any overpayments will be deducted from future Annuity Payments until the total is repaid.

**INCONTESTABILITY:** This Contract will not be contestable from the date of issue.

**MODIFICATION:** This Contract may be modified in order to maintain compliance with applicable provisions or requirements of the Internal Revenue Code.

**NON-PARTICIPATING:** This Contract will not share in any distribution of dividends.

**EVIDENCE OF SURVIVAL:** The Company may require satisfactory evidence of the continued survival of any person(s) on whose life Annuity Payments are based.

**PROOF OF AGE:** The Company may require evidence of Age of any Annuitant and any Owner.

**PROTECTION OF PROCEEDS:** To the extent permitted by law, death benefits and Annuity Payments shall be free from legal process and the claim of any creditor other than the person entitled to them under any Contract. No payment and no amount under this Contract can be taken or assigned in advance of its payment date unless the Company receives the Owner's consent.

**REPORTS:** At least once each calendar year, the Company will furnish each Owner with a report showing the Contract Value and any other information as may be required by law. The Company will also furnish an annual report of the Variable Account. The reports shall provide information as of a date of not more than four months prior to the date of mailing and include:

1. The beginning and end dates of the current report;
2. The Contract Value at the beginning and end of the current report;
3. The amounts credited or debited during the current report period and
4. The Contract Withdrawal Value (ending value) as of the end of the current report period.

**TAXES:** Any taxes paid to any governmental entity relating to any Contract will be deducted from the Purchase Payment or Contract Value when incurred. The Company will, in its sole discretion, determine when taxes have resulted from: the investment experience of the Variable Account; receipt by the Company of the Purchase Payments; or commencement of Annuity Payments. The Company may, in its sole discretion, pay taxes when due and deduct that amount from the Contract Value at a later date. Payment at an earlier date does not waive any right the Company may have to deduct amounts at a later date. The Company reserves the right to establish a provision for federal income taxes if it determines, in its sole discretion, that it will incur a tax as a result of the operation of the Variable Account. The Company will deduct for any income taxes incurred by it as a result of the operation of the Variable Account whether or not there was a provision for taxes and whether or not it was sufficient. The Company will deduct any withholding taxes required by applicable law.

**CONFORMITY WITH INTERSTATE INSURANCE PRODUCT REGULATION COMMISSION STANDARDS:**

This contract was approved under the authority of the Interstate Insurance Product Regulation Commission Standards (IIPRC) and issued under the commission standards. Any provision within this Contract on the

Contract Issue Date that is in conflict with the IIPRC standards for this product type is hereby amended to conform to the IIPRC standards for this product type as of the Contract Issue Date.

**JEFFERSON NATIONAL LIFE INSURANCE COMPANY  
FLEXIBLE PREMIUM VARIABLE DEFERRED ANNUITY  
ACTUARIAL MEMORANDUM  
POLICY FORM ICC12-JNL-2300-3**

**PLAN DESCRIPTION**

This is a non-participating flexible premium variable deferred annuity policy that offers a choice of various accounts with a range of investment objectives. There is no fixed account or market-value-adjusted account offering for this policy. The separate account offers the choice of several investment options. The policy value for the separate accounts will be based on the performance of those investment options less a monthly subscription fee of \$20.00 and any applicable transaction fees.

The contract is available for issue ages 0 to 95 and matures at the time selected by the owner, but no earlier than the third contract year and no later than age 100.

There are no surrender charges; consequently, the cash surrender value and the death benefit are equal to the Contract Value at all times.

**FORMULA FOR SEPARATE ACCOUNT CONTRACT VALUES**

$GP_t$  = gross premiums at time  $t$

$UV_t$  = unit value of an account at time  $t$

$CV_t$  = contract value at time  $t$

$W_t$  = gross withdrawal at time  $t$

$F_t$  = fee withdrawn at time  $t$

$k$  = period since last contribution or withdrawal

$$CV_0 = GP_0$$

$$CV_{t+k} = (CV_t / UV_t) * UV_{t+k} + GP_{t+k} - W_{t+k} - F_{t+k}$$

**NONFORFEITURE COMPLIANCE**

This form has no M&E fees or administrative fee based on Contract Value, but rather collects a subscription fee in lieu of this as a lower-cost approach to cover expenses. In other words, the subscription fee is an M&E fee that is expressed in a specific dollar amount and in a way that provides greater value to purchasers of this annuity as the Contract Value increases. Similarly, the transaction fees reflect the cost of providing certain low-cost investment options and, consequently, are investment management type

charges. The transaction fees are used for the same purposes as percent of fund charges that are embedded in the investment management fees of other funds, but the fees are expressed in a specific dollar amount and in a way that provides greater value to selectors of the investment option as the investment in a given fund option increases. The transaction fees apply to transfers in and transfers out of only 31 of 373 available funds. The current largest fee is \$49.99 and the maximum fee could be \$74.99.

Variable annuities are subject to only the Retrospective Test in the Standard Nonforfeiture Law for Individual Deferred Annuities. This test assumes a 7% net growth rate after recognition of M&E, administrative, and investment management charges. Since the subscription fee and the transaction fees are alternative structures of charges that ordinarily do not appear in a nonforfeiture compliance demonstration, they have been excluded from this compliance demonstration. Compliance is automatic because the cash surrender value required in a compliance demonstration of premiums minus withdrawals accumulated at 7% is always greater than 87.5% of premiums minus withdrawals accumulated at 7%.

### **RESERVES**

The reserves held under this contract are calculated based on the NAIC Module Standard Valuation Law and Actuarial Guideline XLIII. In the absence of guaranteed minimum benefits, this causes the reserves to be based on Actuarial Guideline XXXIII. As there are no surrender charges and no fixed account or market-value-adjustment account options for this contract, the statutory reserve will be equal to the Contract Value at all times.

### **CERTIFICATION**

I certify that the cash surrender benefits for this contract are in compliance with Section 7 of the NAIC Model Variable Annuity Regulation, model #250, as modified by Section 1B of IIPRC A-03-I.

The Company reserves the right to reject any application or Purchase Payment.

Unless otherwise changed by the Owner, Registered Representative or Financial Advisor, subsequent Net Purchase Payments are allocated in the same manner as the initial Net Purchase Payment. Allocation of the Net Purchase Payments is subject to the Allocation Guidelines shown on the Contract Schedule. The Company reserves the right to allocate initial Net Purchase Payments to the Money Market Sub-Account until the expiration of the Right to Examine period.

---

## SEPARATE ACCOUNT PROVISIONS

---

**THE SEPARATE ACCOUNTS:** The Separate Account is designated on the Contract Schedule and consists of assets set aside by the Company, which are kept separate from that of the general assets and all other separate account assets of the Company.

**VARIABLE ACCOUNT:** The assets of the Variable Account equal to reserves and other liabilities will not be charged with liabilities arising out of any other business the Company may conduct.

The Variable Account assets are divided into Sub-Accounts. The assets of the Sub-Accounts are allocated to the Eligible Fund(s) and the Portfolio(s), if any, within an Eligible Fund. The Company may, from time to time, add additional Eligible Fund(s) or Portfolio(s). The Owner, Registered Representative or Financial Advisor may be permitted to transfer Contract Values or allocate Net Purchase Payments to the additional Sub-Account(s) within the Variable Account. However, the right to make such transfers or allocations will be limited by the terms and conditions imposed by the Company.

Should the shares of any such Eligible Fund(s) or any Portfolio(s) within an Eligible Fund become unavailable for investment by the Variable Account, or the Company's Board of Directors deems further investment in these shares inappropriate, the Company may limit further purchase of such shares or substitute shares of another Eligible Fund or Portfolio for shares already purchased under a Contract.

**VALUATION OF ASSETS:** The assets of the Accounts are valued at their fair market value in accordance with procedures of the Company.

**ACCUMULATION UNITS:** Accumulation Units shall be used to account for all amounts allocated to or withdrawn from the Sub-Accounts of the Variable Account as a result of Net Purchase Payments, withdrawals, transfers, or fees and charges. The Company will determine the number of Accumulation Units of a Sub-Account purchased or canceled. This will be done by dividing the amount allocated to (or the amount withdrawn from) the Sub-Account by the dollar value of one Accumulation Unit of the Sub-Account as of the end of the Valuation Period during which the request for the transaction is received at the Administrative Office.

**ACCUMULATION UNIT VALUE:** The Accumulation Unit Value for each Sub-Account was arbitrarily set initially at \$10. Subsequent Accumulation Unit Values for each Sub-Account are determined by multiplying the Accumulation Unit Value for the immediately preceding Valuation Period by the Net Investment Factor for the Sub-Account for the current period.

---

## SEPARATE ACCOUNT PROVISIONS (continued)

---

The Net Investment Factor for each Sub-Account is determined by dividing A by B where:

- A is
- (i) the net asset value per share of the Eligible Fund or Portfolio of an Eligible Fund held by the Sub-Account at the end of the current Valuation Period; plus
  - (ii) any dividend or capital gains per share declared on behalf of such Eligible Fund or Portfolio that has an ex-dividend date within the current Valuation Period; plus
  - (iii) a charge factor, if any, for any taxes or any tax reserve established by the Company as a result of the operation or maintenance of the Sub-Account.
- B is
- the net asset value per share of the Eligible Fund or Portfolio held by the Sub-Account for the immediately preceding Valuation Period.

The Accumulation Unit Value may increase or decrease from Valuation Period to Valuation Period.

---

### CONTRACT VALUE

---

The Contract Value for any Valuation Period is the sum of the Contract Value in each of the Sub-Accounts of the Variable Account.

The Contract Value in a Sub-Account of the Variable Account is determined by multiplying the number of Accumulation Units allocated to the Owner's Account for the Sub-Account by the Accumulation Unit Value. Withdrawals will result in the cancellation of Accumulation Units in a Sub-Account.

---

### SUBSCRIPTION FEE

---

**DEDUCTION FOR SUBSCRIPTION FEE:** During the Accumulation Period, each month the Company deducts a Subscription Fee from the Contract Value for reimbursement of expenses relating to maintenance and administration of the Contract. The Subscription Fee amount is shown on the Contract Schedule Page. The Subscription Fee will be deducted on a pro-rata basis first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). The Subscription Fee is also deducted at Death and upon full surrender of the Contract.

---

### TRANSACTION FEE

---

**DEDUCTION FOR TRANSACTION FEE:** During the Accumulation Period, the Company imposes a Transaction Fee, in the amounts shown in the table below, for transfers into and transfers out of certain Sub-Accounts. A listing of the Sub-Accounts for which the Company imposes a Transaction Fee is available at the Company's Website or upon request. The Transaction Fee is waived for transfers required for payment of the Subscription Fee or fees charged by any Financial Advisor you hire. Transaction Fees are charged twice – once for the transfer out, and once for the transfer in – when transferring between two Sub-Accounts that impose Transaction Fees. The Transaction Fee will be deducted first from the Sub-Accounts affected, then pro-rata first from the balance of any money market account(s), and then pro-rata from the balance of any other account(s). If approved by us, you may elect to have these fees charged to your Financial Advisor, rather than deducted from your Contract. In the event we agree to this, but the applicable Transaction Fees are not paid within thirty (30) days by your Financial Advisor, we reserve the right to deduct the applicable Transaction Fees from your Contract. In any event, we reserve the right to deduct any applicable Transaction Fee upon full surrender of the Contract.

Certain Transaction Fee funds may only be available if you are advised by an approved Financial Advisor.

---

### TRANSFERS

---

**TRANSFERS DURING THE ACCUMULATION PERIOD:** Subject to any limitation imposed by the Company on the number of transfers during the Accumulation Period shown on the Contract Schedule, an Owner, Registered Representative or Financial Advisor may transfer all or part of the Contract Value in a Sub-Account without the imposition of any transfer fee (other than applicable Transaction Fees, if any) if there have been no more than the

number of Transfers Permitted shown on the Contract Schedule for the Contract Year.

All transfers are subject to the following:

1. The minimum amount which can be transferred from a Sub-Account is shown on the Contract Schedule.
2. The Company reserves the right, at any time and without prior notice to any party, to terminate, suspend or modify the transfer privilege described above or to block one or more trades pursuant to company administrative rules.

If an Owner, Registered Representative or Financial Advisor, or other authorized person elects to use this transfer privilege, the Company will not be liable for transfers made in accordance with instructions received from such person. All amounts and Annuity Units will be determined as of the end of the Valuation Period during which the request for transfer is received at the Administrative Office.

The Contract is not designed for professional market timing organizations. The Company reserves the right to modify (including terminating) the transfer privileges described above.

The remaining death benefit proceeds will remain invested in the Investment Portfolios in accordance with the allocation instructions given by the Owner until the death benefit is paid or until new instructions are given by the beneficiary.

Upon the death of any Joint Owner, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a contingent Beneficiary. Unless restricted by Owner, a Beneficiary may request that the death benefit be paid under one of the Death Benefit Options below. **DEATH BENEFIT OPTIONS DURING THE ACCUMULATION PERIOD:** A non-spousal Beneficiary must elect the death benefit to be paid under one of the following options in the event of the death of the Owner or any Joint Owner during the Accumulation Period:

Option 1 - lump sum payment of the death benefit; or

Option 2 - the payment of the entire death benefit within 5 years of the date of the death of the Owner or any Joint Owner; or

Any portion of the death benefit not applied under Option 3 within one year of the date of the Owner's death, must be distributed within five years of the date of death.

A spousal Beneficiary may elect to continue the Contract in his or her own name at the then current Contract Value, elect a lump sum payment of the death benefit or apply the death benefit to an Annuity Option.

If a lump sum payment is requested, the amount will be paid within seven (7) days of receipt of proof of death and an Authorized Request, unless the Suspension or Deferral of Payments Provision is in effect.

**DEATH OF OWNER DURING THE ANNUITY PERIOD:** If the Owner, or any Joint Owner, who is not the Annuitant, dies during the Annuity Period, any remaining payments under the Annuity Option elected will continue at least as rapidly as under the method of distribution in effect at such Owner's or Joint Owner's death. Upon the death of any Owner during the Annuity Period, the Beneficiary becomes the Owner. Upon the death of any Joint Owner during the Annuity Period, the surviving Joint Owner, if any, will be treated as the Primary Beneficiary. Any other Beneficiary designation on record at the time of death will be treated as a Contingent Beneficiary.

**DEATH OF ANNUITANT:** Upon the death of an Annuitant, who is not the Owner, during the Accumulation Period, the Owner will automatically become the Annuitant. The Owner may designate a new Annuitant, subject to the Company's underwriting rules then in effect. If the Owner is a non-natural person, the death of an Annuitant will be treated as the death of the Owner and proceeds will be paid to the Beneficiary of record.

Upon the death of the Annuitant during the Annuity Period, the death benefit, if any, will be as specified in the Annuity Option elected. Death benefits will be paid at least as rapidly as under the method of distribution in effect at the Annuitant's death.

**PAYMENT OF DEATH BENEFIT:** The Company will require due proof of death and an Authorized Request before any death benefit is paid. Due proof of death will be:

1. a certified death certificate; or
2. a certified decree of a court of competent jurisdiction as to the finding of death; or
3. any other proof satisfactory to the Company.

All death benefits will be paid in accordance with applicable law or regulations governing death benefit payments, and in accordance with Company administrative procedures.

**BENEFICIARY:** The Beneficiary designation in effect on the Contract Issue Date will remain in effect until changed. The Beneficiary is entitled to receive the benefits to be paid at the death of the Owner. Unless the Owner provides otherwise, the death benefit will be paid in equal shares to the survivor(s) as follows:

1. to the Primary Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none
2. to the Contingent Beneficiary(ies) who survive the Owner's and/or the Annuitant's death, as applicable; or if there are none

## PROCEEDS PAYABLE ON DEATH (continued)

The Company will not be liable for any payment made or action taken before it records the change.

---

**OWNER:** The Owner has all interest and right to amounts held in his or her Contract. The Owner is the person designated as such on the Contract Issue Date, unless changed.

The Owner may change owners of the Contract at any time by Authorized Request. A change of Owner will automatically revoke any prior designation of Owner. Unless otherwise specified by the Owner, the change shall take effect on the date the notice is signed by the Owner. The Company will not be liable for any payment made or action taken before it records the change.

**JOINT OWNER:** A Contract may be owned by Joint Owners. Upon the death of either Owner, the surviving Owner will be the Primary Beneficiary. Any other Beneficiary designation will be treated as a Contingent Beneficiary unless otherwise indicated in an Authorized Request.

## ANNUITY PROVISIONS (continued)

---

at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. Prior to the Annuity Date, subject to the limitations set forth above, the Owner subject to the above, may change the Annuity Date by an Authorized Request. Any change must be requested at least thirty (30) days prior to the new Annuity Date.

**SELECTION OF AN ANNUITY OPTION:** An Annuity Option may be selected by an Authorized Request of the Owner. If no Annuity Option is selected, Option 2 with 120 monthly payments guaranteed will automatically be applied. Prior to the Annuity Date, the Owner can change the Annuity Option selected by an Authorized Request. Any change must be requested at least thirty (30) days prior to the Annuity Date.

**FREQUENCY AND AMOUNT OF ANNUITY PAYMENTS:** Annuity Payments are paid in monthly installments. The Adjusted Contract Value is applied to the Annuity Table for the Annuity Option selected. If the Adjusted Contract Value to be applied under an Annuity Option is less than \$5,000, the Company reserves the right to make a lump sum payment in lieu of Annuity Payments. If the Annuity Payment would be or become less than \$50, the Company reserves the right to reduce the frequency of payments to an interval which will result in each payment being at least \$50.

**ANNUITY OPTIONS:** The following Annuity Options or any other annuity option acceptable to the Company may be selected:

OPTION 1. LIFETIME ONLY ANNUITY: The Company will make monthly payments during the life of the Annuitant. If this option is elected, it is understood and agreed that payments shall cease immediately upon the death of the Annuitant and the annuity will terminate without further value.

OPTION 2. LIFETIME ANNUITY WITH GUARANTEED PERIODS: The Company will make monthly payments for the guaranteed period selected and thereafter for the life of the Annuitant. If this option is elected, it is understood and agreed that upon the death of the Annuitant, any amounts remaining under the guaranteed period selected will be distributed to the Beneficiary at least as rapidly as under the method of distribution being used as of the date of the Annuitant's death. The guaranteed period may be five (5) years, ten (10) years or twenty (20) years.

OPTION 3. PAYMENT FOR A FIXED PERIOD: The Company will make monthly payments for a fixed period of 3 to 20 years.

OPTION 4. JOINT AND SURVIVOR ANNUITY: The Company will make monthly payments during the joint life time of the Annuitant and a Joint Annuitant. Payments will continue during the lifetime of the surviving Annuitant and will be computed on the basis of 100%, 50% or 66 2/3% of the Annuity Payment (or limits) in effect during the joint life time.

**ANNUITY:** The Adjusted Contract Value is allocated to the General Account and the Annuity is paid as a Fixed Annuity. Unless the Owner specifies otherwise, the payee of the Annuity Payments shall be the Owner. The Adjusted Contract Value will be applied to the applicable Annuity Table based upon the Annuity Option selected by the Owner. The amount of the first payment for each \$1,000 of Adjusted Contract Value is shown in the Annuity Tables based on an effective annual interest rate of 1.0%.

**FIXED ANNUITY:** The Owner may elect to have the Adjusted Contract Value applied to provide a Fixed Annuity. The dollar amount of each Fixed Annuity Payment shall be determined in accordance with Annuity Tables contained in this Contract which are based on the minimum guaranteed interest rate of 1.0% per year.

**MORTALITY TABLES:** The Annuity 2000 Mortality Table with (i) Male-Female sex distinction; (ii) adjustments based on percentages of Projection Scale G; and (iii) a 1.0% interest rate is used in establishing the Annuity Table. The age in the Annuity Table is the Annuitant's Adjusted Age. Adjusted Age is the Annuitant's Age when the annuity payment begins, reduced by 1 year for every 5 years that has elapsed since January 1, 2012. For

example, the Adjusted Age for an Annuitant whose annuity payments begin in 2017, and whose Age is 67 at the time the first annuity payment is due, would be 66. The dollar amount of an Annuity Payment for any Age or combination of ages not shown in the tables, or for any other form of Annuity Option agreed to by the Company, will be provided by the Company upon Formal Request.

1. The beginning and end dates of the current report;
2. The Contract Value at the beginning and end of the current report;

**TAXES:** Any taxes paid to any governmental entity relating to any Contract will be deducted from the Purchase Payment or Contract Value when incurred. The Company may, in its sole discretion, pay taxes when due and deduct that amount from the Contract Value at a later date. Payment at an earlier date does not waive any right the Company may have to deduct amounts at a later date. The Company will deduct for any income taxes incurred by it as a result of the operation of the Variable Account whether or not there was a provision for taxes and whether or not it was sufficient. The Company will deduct any withholding taxes required by applicable law.
